2. Devise a structure for your blog post. Start your post by creating a clear structure. Every post should have: some sort of introduction (in which you introduce your topic); a body (in which the main message is written); a conclusion (which should summarize the most important ideas or draw a conclusion).

10 tips for an awesome and SEO-friendly blog post • Yoast

One difference between a blog post and a magazine article is that blog posts often contain links to other posts on a company's site, which is a means of keeping the reader on the site for as long as possible. Also, blog posts are often written with the intention of convincing readers that they need a particular service offered by the company.

Writing an Article vs. Writing a Blog Post: What's the ...

A blog's commenting feature should only be used to add value to the post. If you are making the mistake of adding meaningless 2-3 word comments on various blogs, you are wasting your time, and more importantly, you are wasting the time of the other blogger — annoying fellow bloggers is not the point of commenting.
