Criminal Evidence: An Introduction 3rd Edition - amazon.com

The two main parties in most police searches are the police and the suspect whose property is being searched. In some cases, a third party may be involved, who may consent to a search on behalf of the suspect. A classic example of this is where the suspect is not home and a roommate consents to the police searching the suspect's property.

Third Party Consent Searches | LegalMatch

Scientific evidence, or forensic evidence, is information derived through the “scientific method”. Commonly, scientific evidence, such as DNA, fingerprints, ballistics, and other items, is regularly entered during a criminal trial by both sides.
