for what it's worth. For whatever value or merit it seems to have (to you). This expression, which normally precedes the expression of one's opinion on a controversial topic, implies that the listener may not think much of it, but there it is, anyway.

### For what it's worth - Idioms by The Free Dictionary

Using a business valuation calculator is a fast and simple way to get a ballpark value of a business without hiring an expert and with minimal effort; however, it's not without its disadvantages. Our business valuation calculator doesn't factor in tangible and intangible assets which can both significantly impact a business's actual value.

Basically, there are two major ways to figure the price of a small business. One is the company's ability to generate sales, cash flow and/or profits. The second method is to value the company based on its assets. Which method is used depends on the condition of the business and the industry it is in. Valuing a business based on sales
