Iron is a resource under the generic Metal type of resources. All the non-generic resources of this type are: The various resources within this type are interchangeable for crafting common items. For crafting higher-quality blueprints, you will need to include two or more of these named resources, but not the generic resource.

Iron - Official ATLAS Wiki

The Iron Age is the final epoch of the three-age division of the prehistory and protohistory of humanity. It was preceded by the Stone Age (Paleolithic, Mesolithic, Neolithic, and Chalcolithic) and the Bronze Age. The concept has been mostly applied to Europe and the Ancient Near East, and, by analogy, also to other parts of the Old World.
