Cat Foods, Nutrition Systems & Healthy Start Packs

For over a century, America's nutrition authorities have heralded milk as "nature's perfect food," as "indispensable" and "the most complete food.". These milk "boosters" have ranged from consumer activists, to government nutritionists, to the American Dairy Council and its ubiquitous milk moustache ads.

Nature's Perfect Food: How Milk Became America's Drink by ...

Natural foods and all-natural foods are widely used terms in food labeling and marketing with a variety of definitions, most of which are vague. The term is often assumed to imply foods that are not processed and whose ingredients are all natural products (in the chemist's sense of that term), thus conveying an appeal to nature .
