M 72 Cycle Sidecar Full

The 750cc engine had to push around 770 pounds worth of bike and sidecar - this was not a fast vehicle. M-72s were built between '42 and '55 - and it should be noted that the Dnepr name is not technically correct - Dnepr was established after the M-72 had stopped production. It's just become a colloquial term.

1946 Dnepr M-72 with Sidecar | Bike-urious

Bikes build in Kiev from 1952 to 1956 M-72-N were generally made up of a mix of leftover parts and first local production and were for the first time for sale to the public in 1951. The M-72-M the last version.

Bicycle sidecars are an unusual alternative to conventional child seats, but what more fun way of passing the cycling bug to the next generation? There is a bewildering array of child seats, tag-alongs and trailers aimed at helping families cycle together, but arguably none is as stylish looking or adventurous as the Scandinavian Side Bike. The ...

Introduction In late 2011 Zvezda issued this 1/35 scale Soviet Motorcycle M-72 with Sidecar and Crew. This continues their quite adventurous subject matter as far as WW2 is concerned, is another example of their giving equal consideration to both German and Russian subjects, and balances out their BMW R12 motorcycle combination from 2009.
