Major Problems in the Civil War and Reconstruction by ...

The Civil War erupted from a variety of long-standing tensions and disagreements about American life and politics. For nearly a century, the people and politicians of the northern and southern states had been clashing over the issues that finally led to war: economic interests, cultural values, the power of the federal government to control the states, and, most importantly, slavery in American society.

What Were the Top 4 Causes of the Civil War?

The major problems, in general, that were faced during the Civil War were that the North overpowered the South. The North had a much larger population which means more troops, more ports in which to trade (economic), more railroad control and all the naval experience. The only thing that the North did not have was as much land.
