Find the right parts for your Mercury® or MerCruiser® engine here. Search by serial number to see detailed engine diagrams and part numbers, then contact your local authorized Mercury Marine dealer to place your order. You can also browse by model, but we strongly recommend using your serial number to ensure you find the correct parts.

Mercury Parts Catalog | Mercury Marine

There is one oil pressure switch and one oil pressure sender on my motor. The switch should be closed when no oil pressure (engine off). According to test procedures in Mercruiser service manual 23 Page 4D-18 - "When engine not running, meter should indicate full continuity" and further in test procedure on page 5E-99 it states that my switch is faulty.
