The clinic and elsewhere : addiction, adolescents, and the ...

In The Clinic and Elsewhere, anthropologist Todd Meyers takes you on a journey with a small group of Baltimore adolescents who have used this drug to deal with their own substance addictions. Central to this compelling ethnographic monograph, as indicated by its subtitle, is what the author calls the 'afterlife' of therapy: what happens to teenagers following buprenorphine treatment?

The Clinic and Elsewhere: Addiction, Adolescents, and the ...

By following a group of adolescents from the time they enter drug rehabilitation treatment through their reentry into the outside world--the clinic, their homes and neighborhoods, and other institutional settings--Meyers traces patterns of life that become mediated by pharmaceutical intervention.

The Bronx Addiction Treatment Center is a 38-bed facility for adult men, women, LGBT, and Spanish monolingual persons. The services provided are designed to address the basic health care needs of each patient while addressing specific physical, psychological and social symptoms associated with psychoactive substance abuse.

Bronx Addiction Treatment Center | Office of Addiction ...

While elsewhere reminds us that drug treatment has a geography, one that is never confined to the space of the clinic, afterlife points to the strange temporality of treatment and the problem of arbitrarily imposing a timeframe on the lived experience of addiction. For Meyers, the afterlife of treatment is not simply the time after the clinical trial has ended or the stint in rehab is over.
